

Daily National Whig.

WHOLE NUMBER 666.

WASHINGTON, D. C., MONDAY, MAY 21, 1849.

SINGLE COPY 6 CENTS.

PUBLISHED BY CHAS. W. FENTON.

THE STANDARD PREPARATION.

DR. SCHWARTZ'S COMPOUND EXTRACT OF SARSAPARILLA.

The astonishing success with which disease has been removed by this preparation during the three years in the *District of Columbia*, and other places, has induced the proprietor to present its claims in a more conspicuous manner, under a sincere conviction that its invaluable and unerring remedial virtues will benefit thousands, under whose notice it may come. Therefore, he would urge upon all who read this not to let it pass unnoticed, but give it that attention to which it is so deservedly entitled.

The following are some of the diseases which will testify to its remarkable efficacy, viz:

Incipient stages of Consumption, when proceeding from a scrofulous habit;

Chronic Rheumatism; Bronchitis;

Dyspepsia, when proceeding from hepatic derangement;

Congestional Syphilis; General Debility;

Habitual Convulsions; Common Ailments, and all diseases arising from deranged secretions or impurities of the blood.

Persons taking this remedy should not grow impatient or become too sanguine, that the hours of a rapid restoration to health are at hand, depending on the strength of constitution and the length of time that disease has prevailed; therefore I would say to all who may feel disposed to test its virtue not to commence it use, whether it is one month or more, as no two cases are exactly similar, or can be relieved by any stated number in anticipation.

The accompanying certificates are from gentlemen of responsibility residing in Washington city, and not from persons connected with the proprietor, or the Department of Revenue, from which it emanates.

I publish all the advertisements of the Federal Government, in the hope of the confirmation of the greatest interest to those concerned in supplying the wants of the Government.

I publish also a work exclusively the official list of inventors for inventions granted by the United States, together with the claims, and devote them, day to day, a large space to the publication of new scientific matter, together with the latest news of science.

It seems to establish a high reputation for fair criticism, as a bold and truthful reviewer of books of every description, and a valuable source of information and contributions for that purpose.

The Advocate always finds a ready audience in columns, and may tend to spread useful information.

The mechanic arts are favored by it, and every branch of them is held in its defense, when assailed, in the usual course of events.

The literate and learned are invited to contribute to its columns, and the author of every paper, and person who are in the lesser domain. Hundreds of testimonies are produced as to efficacy, but as they are seldom or never read, or evidence given to them, I have thought a few responsible certificates, coming from genuine well known sources, would suffice.

CERTIFICATES.

Dear Sir: Having, through the agency of your extract of Sarsaparilla, accomplished a most remarkable cure in the case of my sister, I find it important to record the same, for the sake of those who are similarly afflicted, as it may be of service to many young from a premature death.

About four years ago my sister's health began to decline, and continued to do so for the space of two years, when she was suddenly attacked with fits, convulsions, and convulsive fits, and became bronchitic.

She was then attacked with the best medical skill without benefit, and finally pronounced incurable, she determined to try your extract of sarsaparilla, and after this overcame all her fits, and the convulsions.

She is now in full possession of health, and is even, with but more frequently absent, of her contemporaries not only in Washington but elsewhere.

The extract of Sarsaparilla has cured me entirely, and gives a faithful account, from time to time, of the doings of that valuable medicine.

It is now, however, for the day, the sentiments of the Administration, press throughout the country, and promptly answers the objections and arguments of our opponents both in the Senate and elsewhere.

Dear Sir: Your Extract of Sarsaparilla, whose friends in the Administration of Zachary Taylor can't supply.

CHARLES W. STEWART,
To Dr. N. J. SCHWARTZ, Jr., June 7, 1848.

To Dr. A. J. SCHWARTZ, Jr.

Dear Sir: I consider that my son, who has been afflicted for a great length of time with a severe *General Debility*, has been restored to health, and is now in full possession of his natural strength, and is now, I trust, in full possession of his health.

He has been treated by the best medical skill without success, was effectually restored to health by your Extract of Sarsaparilla, some 15 or 18 months ago, and has enjoyed perfect health ever since, such an invaluable remedy should be made available to all.

CHARLES W. STEWART,
To Dr. A. J. SCHWARTZ, Jr., June 7, 1848.
